

GRACE

ENGINEERING EXCELLENCE BUILT ON TRUST

18
Years

ABOUT COMPANY

Grace is a professional Electrical contracting company. Since its inception in the year 2008, Grace Group has captured the field of Electrical in India. It has become a giant in this industry acquiring vast knowledge and experience and has generated strong customer base in different industries. Grace Group is established company based at Noida.

Grace has carried out designing, Detailed Engineering, Supply, Fabrication, Erection, Installation, Testing and Commissioning of the Electrical, Plumbing, CCTV, PAS/BMS, Fire Fighting work and Mechanical System as per norms of Indian & International Standards. Grace Group is a leading provider of comprehensive electrical Panels offering innovative solutions to meet the diverse needs of residential, commercial, and industrial clients.

Grace is a trusted manufacturer and supplier of all type panel including Main LT Panel, MCC, APFC, PLC and control Panel. Their range of panels includes custom-made designs for various industrial applications, ensuring the optimal performance of electrical system.

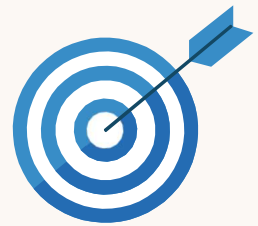

Our Vision

Our vision is to establish Grace as the premier trading house across India. To be a leading provider of innovative and reliable electrical control solutions, empowering industries worldwide with cutting-edge technology, superior quality, and unmatched service. We strive to enhance the efficiency and safety of electrical systems through continuous improvement and customer-focused designs.

Our Mission

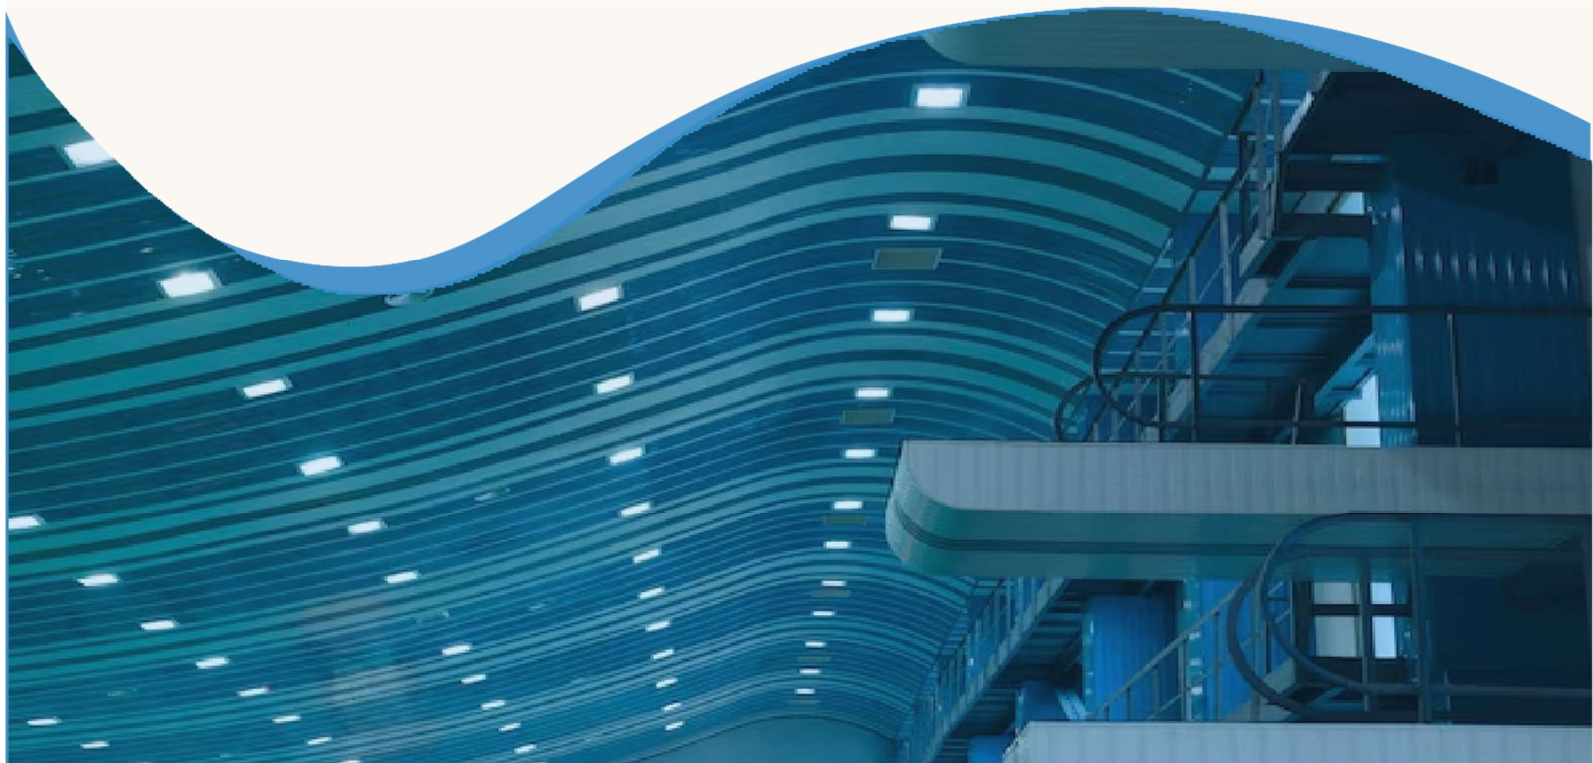

Our mission is to hold your dream as ours. Our mission is to make your place a safe and comfortable environment to work and live in. Our dedication extends beyond mere transactions; we strive to build lasting relationships with our clients by being a reliable partner in achieving your goals.

Our Value

We Strive to maintain the highest quality and efficiency in our work through the constant pursuit of improvement of our team and our processes in order to surpass the expectations of our customers

Electrical Services

Grace Group undertakes complete turnkey contracts of Supply, Installation, Testing, Commissioning for all type of electrical work, development, execution, up-gradation & renovation work as under as below

Switchyard up to 33 KV

Outdoor/Indoor Sub- Station Up to 33 KV

H.T./ LT Transformers up to 10MVA

Deals in Ladder type /perforated cable trays and race ways.

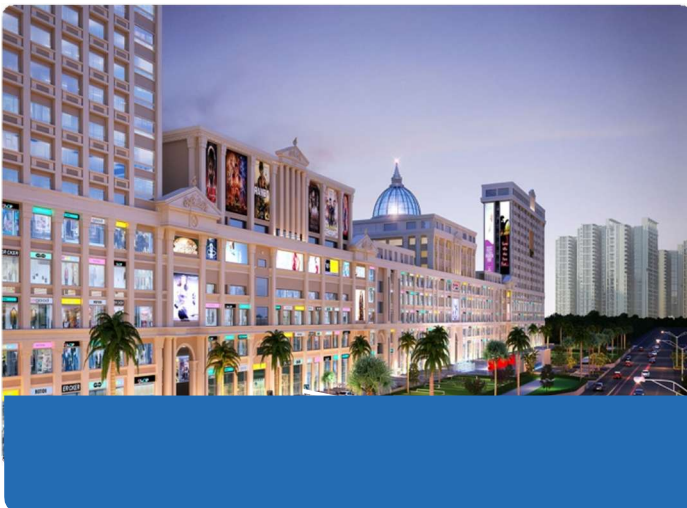

Supplying of TPN Bus-duct and Trenching.

High Mast /Road lighting.

Electrical Services

We are committed to offer reliable and quality service to our esteemed client base. With our well experienced team we have successfully completed several Turn-Key projects within the assigned time period. We also providing complete electrical solution via Erection, Procurement and Commissioning (EPC) of Turnkey Projects for LT and HT. We have extensive long experience in serving the market and have successfully executed number of Projects till now.

33/11 KV Substation Underground line.

Earthing protection systems
(Plate/ Pipe electrode/ Chemical)

33/11 KV overhead line

Electrical Panels

Grace Group is a global quality manufacturers and supplier of Electrical Panel in Noida. We are manufacturing LT Panel/Pcc, MCC, APFC, VFD, Distributions control panel and DG Synchronization Panel with better quality and price. we are exporters of IMCC Panels, Distribution Feeder Pillers, Arrays Junction Boxes, power Distribution Boards, PLS Panels, Intelligent MCC Panels and various type of Electrical LT panels from our Noida Unit.

LT Panel/PCC Panel

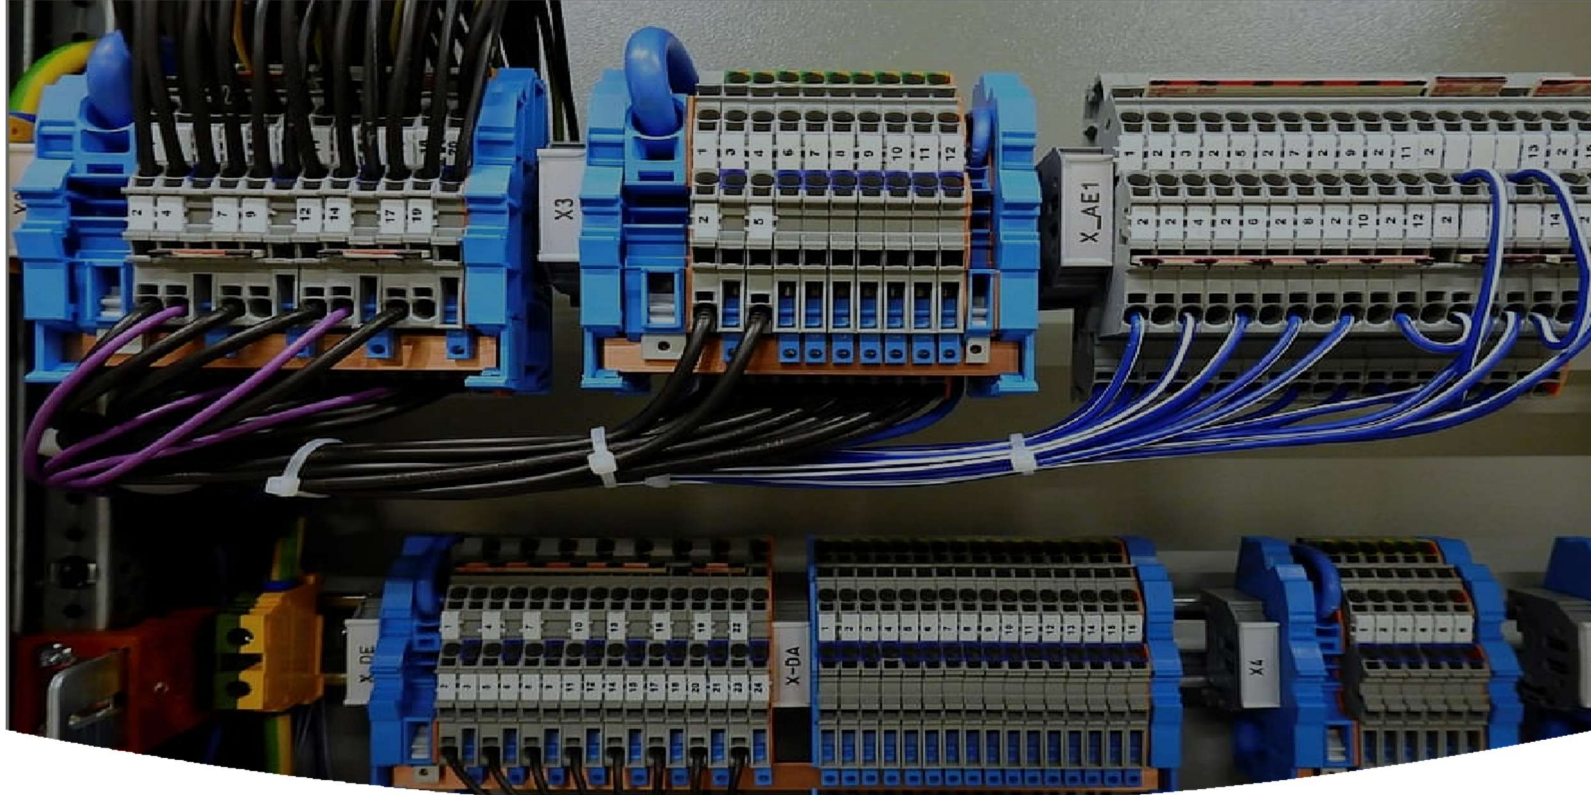

VFD Substation panel

PLC Panel

Distribution Control Panel

APFC Panel

DG Synchronization Panels

MCC Control Panel

MEP Services

Grace Group is a leading provider of Mechanical, Electrical, Plumbing & Fire Fighting (MEPF) Services. Grace group undertakes complete turnkey contracts of Supply, Installation, Testing and Commissioning for all type of Fire Fighting, Plumbing, HVAC CCTV, PAS/BMS and Mechanical System We do complete development, execution, up-gradation & renovation works with 15 years above experience in the industry, we specialize in delivering comprehensive and efficient MEPF solutions for residential, commercial, and industrial projects.

Fire Fighting Solutions

Plumbing

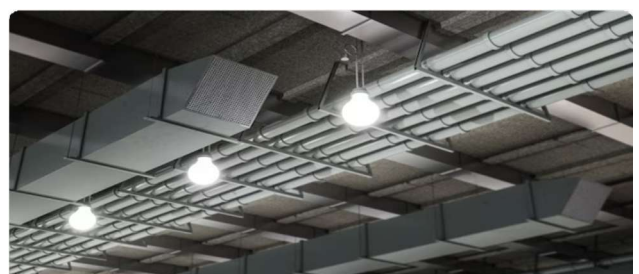

HVAC & Ventilation System

Industrial Installation all machines, motors & pumps.

PAS, Security and Fire Alarm System

MACHINERY STRENGTH

1. CNC Fiber Laser Cutting Machine – 1.5 KW
2. Drill Machine
- ✧ 3. TIG Welding Machine (200–300A)
- ✧ 4. Argon Gas Shielding Setup
- ✧ 5. Hand Grinder Machine (4 inch)
- ✧ 6. Stainless Steel Hand Grinder
- ✧ 7. Burr Removal Tools
- ✧ 8. Radial Drill Machine
- ✧ 9. Stand Type Drill Machine
- ✧ 10. CNC Bending Machine (40–100 Ton / 16 mm)
- ✧ 11. Cutter Grinder
- ✧ 12. Angle Grinder
- ✧ 13. Hydraulic Goods Lift (500–5000 kg)
- ✧ 14. Welding Machine Auto MIG 350 S (350A)
- ✧ 15. MIG 330U Welding Machine (330A)
- ✧ 16. Welding Machine Arc 280 (280A)
- ✧ 17. Hydraulic Busbar Processor (12 mm / 120 mm – 30 Ton)
- ✧ 18. Manual Sheet Cutting Machine
- ✧ 19. Powder Coating Oven (200–250°C)
- ✧ 20. Powder Coating Booth
- ✧ 21. Powder Coating Machine (100 kV)
- ✧ 22. Weighing Machine (100–200 kg)
- ✧ 23. Screw Air Compressor (20 HP)
- ✧ 24. Busbar Rack
- ✧ 25. Sheet Rack
- ✧ 26. Electrical Distribution Panel (160A)
- ✧ 27. Electrical Meter Panel (250A)
- ✧ 28. Ferrule Printing Machine
- ✧ 29. Bandsaw Cutting Machine
- ✧ 30. Pipe Bending Machine
- ✧ 31. GCO 220 Cut-off Machine (14 inch)
- ✧ 32. PUG Cutter

One-station Busbar Machine

TESTING STRENGTH

In House Testing

- High Voltage Test Set 2.5/5 KV. Automatic Multi Meter (Fluke, Rushall) Automatic Clamp Meter
- With flexible CT up to 4000A
- Secondary injection— COA.2 class Multi-function meter (Analyser)
- ACB Release Test Kit
- IR Tester 200 m ohm Skv Multi Testing Bench Phase Sequence Tester Thermal Imager
- Digital Vernier Callipers (0–300 mm)
- Micrometres (0–25 mm)
- Profile Gauges
- Surface Flatness Measuring Tools
- GO & NO-GO Gauges
- Pressure Indicator (0–10 bar)
- Dye Penetration Testing Kit
- Measuring Scale – 3 meter
- Measuring Tape – 3 m / 5 m

POWDER COATING

Powder coating is a type of coating that is applied as a free-flowing, dry powder. The main difference between a conventional liquid paint and a powder coating is that the powder coating does not require a solvent to keep the binder and filler parts in a liquid suspension form. The coating is typically applied electrostatically and is then cured under heat to allow it to flow and form a "skin". The powder may be at thermoplastic or a thermoset polymer. It is usually used to create a hard finish that is tougher than Conventional Paint

Types of powder coatings

There are two main categories of powder coatings: thermosets and thermoplastics. The thermosetting variety incorporates a cross-linker into the formulation. When the powder is baked, it reacts with other chemical groups in the powder to polymerize, improving the performance properties. The thermoplastic variety does not undergo any additional actions during the baking process, but rather only flows out into the final coating.

Powder application processes

- + Electrostatic fluidized bed coating
- + Electrostatic magnetic brush (EMB) coating
- + Curing

TOOLS

- Slings (2–3–5 Ton)
- Hooks (1.5 Ton)
- Lift Truck Fork
- SS Polishing Buff Wheel
- Gas Cutting Accessories
- Adjustable Wrench (6", 8", 12")
- Cutting Knife (18 mm)
- Try Square
- Allen Key Set (2–12 mm)
- Drill Bits (1–13 mm)
- T-Type Spanner Set (M6–M16)
- Drill Key (10 mm / 13 mm)
- Screw Driver Set (6 pcs)
- Spanner Set (6–32 mm)

1. Electrical Panels & Power Distribution Systems

1. **Power Control Center (PCC Panels)**
Fixed and Draw-out type up to **6300A**
2. **Motor Control Centres (MCC Panels)**
Fixed and Draw-out type up to **1600A**
3. **Double Bus Bar Power Panels**
Up to **6300A**
4. **Control & Relay Mimic Panels**
Up to **132 kV**
5. **Automatic Power Factor Correction (APFC) Panels**
Up to **1500 KVAR**
6. **Feeder Pillars**
Up to **3200A**

2. Automation & Control Systems

7. **PLC-Based Auto Load Management Systems**
8. **PLC & Drive-Based HVAC Control Panels**
Up to **100 Drives**
9. **Power Management Systems (SCADA-Based PLC Panels)**
For Power Monitoring and Energy Management
10. **Auto / Manual Synchronizing Panels**
11. **Auto Synchronizing Load Sharing & Load Management Panels**
Up to **8 DG Sets**

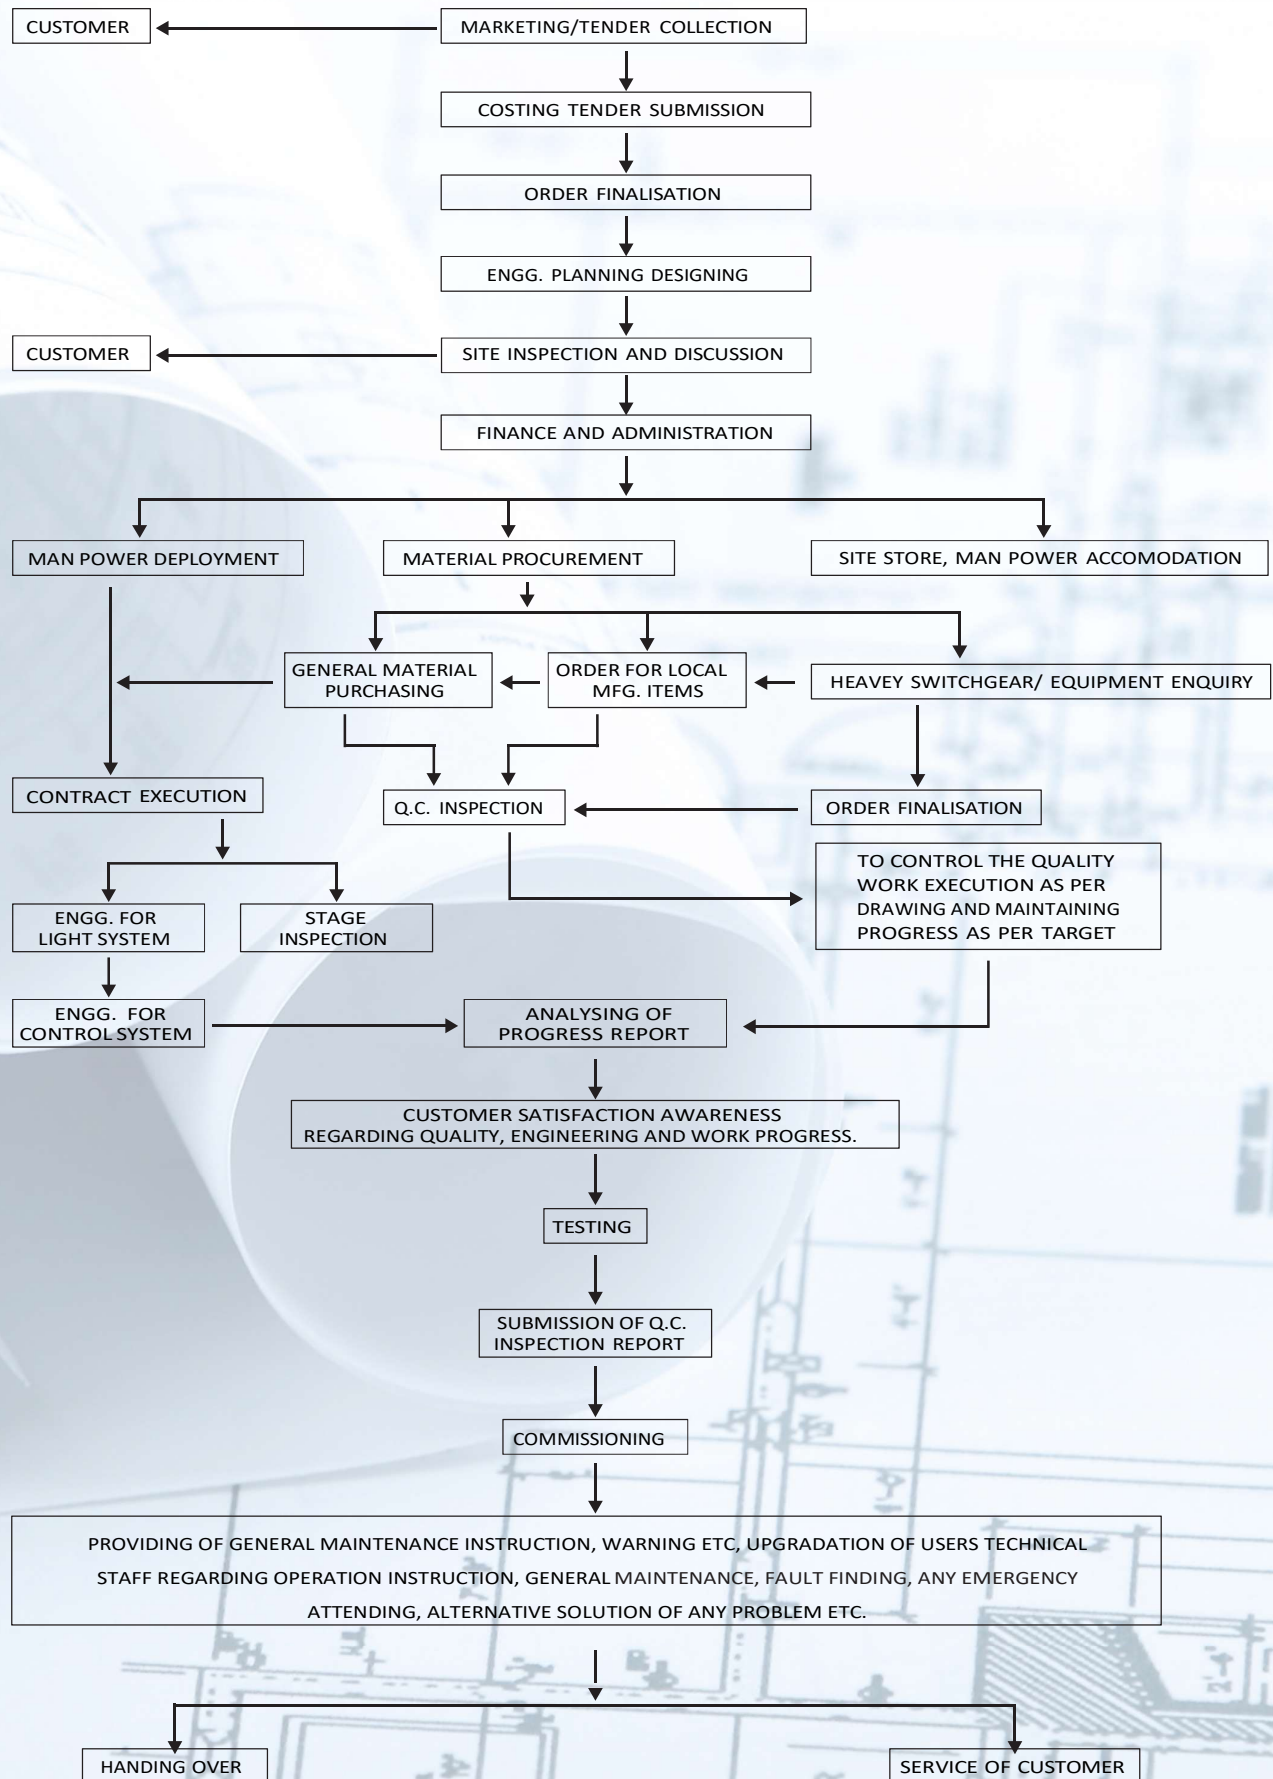

3. Busbar & Power Distribution Systems

12. **Bus Trunking Systems (Segregated / Compact Type)**
Up to **5000A**
13. **Rising Mains (Segregated / Compact Type)**
Up to **5000A**

4. Railway Products

14. **Retention Tanks for Railway Coaches**
15. **Railway Electrical Fuse Boxes**
16. **Custom Fabricated Railway Electrical Enclosures**

GLIMPS PROJECT

ONGOING PROJECTS

RESIDENTIAL

1. Aims Max Gardenia Developers Pvt. Ltd. Sector 75
2. La Palacia Greater Noida Extension
3. ILD Sohna
4. Gardenia Glory-46, Sector-46, Noida.

Completed Project

RESIDENTIAL

1. HRC Engg. Estate Pvt. Ltd. Indirapuram, Ghaziabad
2. Gardenia Glory-46, Sector-46, Noida.
3. Gardenia India Limited, Crossing Republic, Ghazibad
4. Gardenia Gateway
5. Sikka Group
6. White House Sector-75, Noida
7. Newtech La Galaxia, Surajpur, Greater Noida.
8. SKG Homes Pvt. Limited, Sector-13, Vasundhara, Ghaziabad
9. Swarnprastha Public School, Sector-19, Sonipat
10. Futech Shelter Pvt. Ltd. Sector-75, Noida
11. Kashyap Mart Mall, Patna

ONGOING PROJECTS

COMMERCIAL

1. Sparsh Global School, HS-01, Sector-20, Greater Noida, G.B Nagar
2. Maruti Suzuki India Limited, Hapur
3. Spectrum Metro Mall, Sector-75, Noida
4. PepsiCo Channo Plant, Channo Punjab
5. Modi Steels (Modi Industries), Modinagar
6. Taj Sat's, Jewar Airport, Noida
7. Newtech La Galaxia, Surajpur, Greater Noida.

COMPLETED PROJECTS

COMMERCIAL

1. Autotech Development Centre Pvt. Ltd. Sector-8 Gurgaon
2. Urmila Sports Academy, Hansiyawas, Rajasthan
3. Tirupati Plant, Dadri To Jhajhar
4. Cargo Airport
5. UMA Ayurvedic Pvt. Ltd. Madhavpuri, Kasganj
6. GLS Rewari Plant, Gurgaon, Haryana
7. NEXG Global Trading Ltd. B-20, Sector, Noida
8. Shiva Statue, Nathdwara Udaipur
9. Westline Hotel, Rishikesh, Uttarakhand
10. Emaar Marbella 607 Time Tower M.G Road, Sector-66, Gurgaon
11. Assam Power Distribution Company Ltd, Guwahati, Assam
12. Wellington & Kingston Sector-75, Noida
13. Win Medicare (Modi Group)
14. Spectrum Metro, Sector-75, Noida

OUR TEAM

Sl. Designation

Qualification

(A) Technical :

(i)	Project Incharge	1	B.Tech / Graduate Engg. With experience.
(ii)	Electrical Power Advisor	1	Graduate in Elect. Engg. With experience.
(iii)	Electrical Engineer	2	Diploma Engineer with experience.
(iv)	Consultant of specialized field	1	Specialized in their field.
(v)	Supervisor/ Forman	8	Trained and experienced.
(vi)	Store Incharge	2	High School with experience.
(vii)	Electrician	8	ITI with experience.
(viii)	Wireman	7	ITI with experience.
(ix)	Technician	4	Trained with experienced.
(x)	Helper	6	Experienced.
(xi)	Watchman/ Security Man	3	General
(xii)	Peon	2	Experienced

(B) Official:

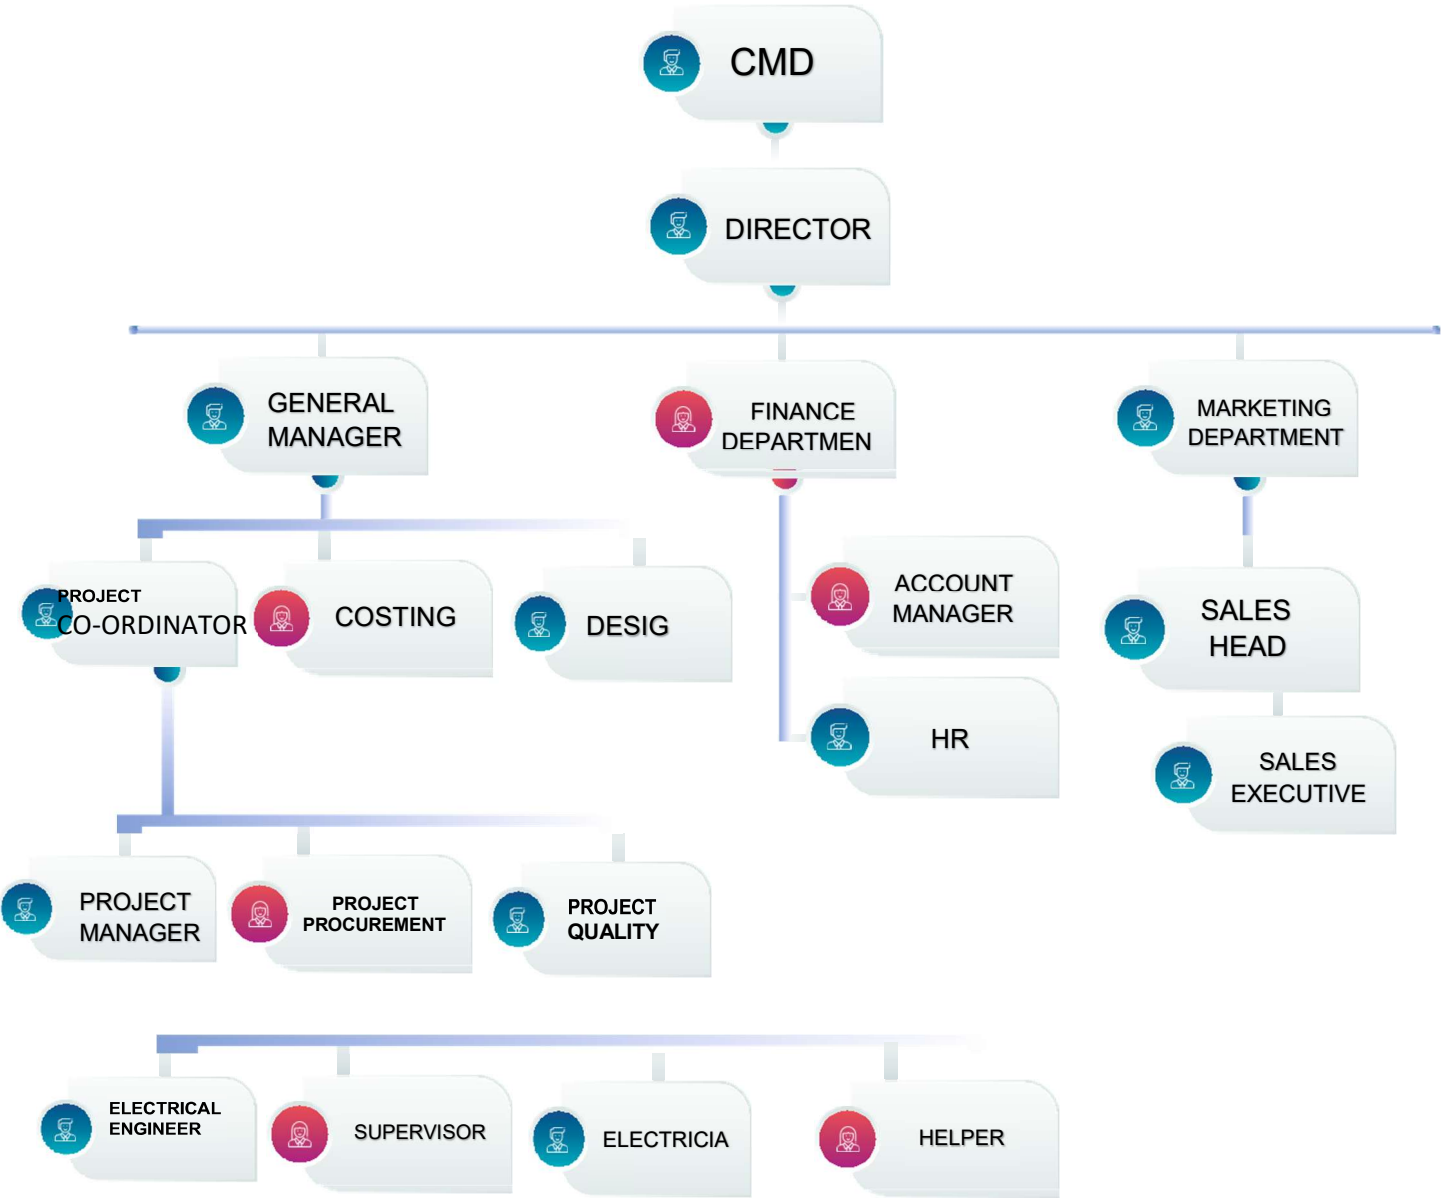

(i)	Project Co-Ordinator	1	Graduate, Specialization and experience.
(ii)	Marketing Personnel	2	Electrical Engineer with experience.
(iii)	Executive Admin.	1	Graduate, Specialization and experience
(iv)	C. A. / Auditor	1	Graduate and FCA with experience
(v)	Consultants (Commercial & Legal)	1	Specialized in their field.
(vi)	Office Assistant	2	Higher Secondary with experience.
(vii)	Clerk	2	High School with experience.
(viii)	Peon	1	Middle pass with experience.

Note: Man power may be increased or decreased according to the work.

Our Projects Team

In response to the evolving needs of the electrical industry, Grace Group has established a state-of-the-art corporate business center. This center houses a dedicate team of over 50 above highly skilled professionals focused on managing and supporting upcoming projects across India.

Our projects team is dedicated to providing innovation and reliable solutions by leveraging the latest technology products.

Our Valuable Client

and many more.....

Our Channel Partners

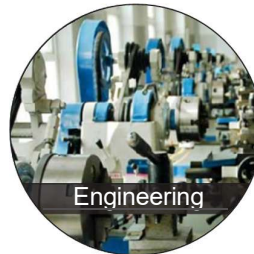

SECTOR EXPERIENCE

Adaptable and with many years expertise, we work across a diverse spread of industry sectors:

- ▶ Housing Associations
- ▶ Decent Homes
- ▶ New build, renovation & refurbishment
- ▶ Care Homes, Community & Day Centers
- ▶ Local Authorities: Schools/Colleges, Town Halls, Civic Buildings
- ▶ Retail
- ▶ Industrial
- ▶ Office
- ▶ Commercial

Irrespective of scale or type, we apply exceptional attention to detail on every contract and observe all professional standards and requirements – including CRB checks for our staff involved in projects in school and care home environments.

ENERGY EFFICIENCY

We consider all projects in the context of energy conservation; this means our recommendations and quotes are based upon the most energy efficient options. All installations – new build or refit/remedial works – are undertaken in line with current Government regulations in this area.

We can advise on Carbon Trust schemes including pay-back and interest free self financing loans.

SUSTAINABLE DEVELOPMENT

GRACE Commitment to Sustainable Development:

GRACE recognizes that our activities and the activities of our supply chain have a global impact.

We feel that such a commitment is crucial if we are going to help create a world in which our company can flourish, now and for generations to come. Our products are produced and manufactured across the world and sold in many countries.

Integrating sustainable development into our growth strategy, we have made it our priority to ensure safe working conditions and basic health coverage for all our employees. We promote diversity and develop

Our employees' talent and potential. In the course of conducting business, we are committed to ensure that we are not complicit in human rights and labor standard abuses. If we were to find ourselves inadvertently implicated in such abuses, we would take immediate steps to rectify the situation.

Our offers help you to

- > Anticipate risks
- > Improve your performance
- > Keep control of your investments

QUALITY POLICY

GRACE ELECTRICAL & CONTRACTORS PVT LTD.

Dedicates itself to Total Quality. We shall constantly strive to Exult our Customer By Anticipating and Exceeding Their Expectations. Continuous Improvement, Teamwork, Commitment, Integrity and Excellence Shall be our Guiding values.

SAFETY POLICY

GRACE ELECTRICAL & CONTRACTORS PVT LTD.. Electrical Contractor are committed to respect for human life and safety of the employees. Our Safety policy aims at:-

Complying with all relevant Safety legislation and other requirement.

Disseminating with all relevant Safety legislation and other requirements.

Providing adequate training awareness on safety aspects.

Providing safe Working Environment by continuously addressing and eliminating the risks through Safety Patrol all Round.

Reduction of workplace accidents.

ENVIRONMENT POLICY

GRACE ELECTRICALS AND CONTRACTORS is committed to demonstrate excellence in

- Elimination or minimization of environmental impacts of processes, activities and services.
- Meeting or exceeding the compliance with legal & other requirements.
- Conservation of resources like oil, water, Electrical energy, packing material, and paper.
- Infusing awareness among the employees for maintaining a pollution free environment.
- Enhancement of environmental awareness amongst group companies, business associates, suppliers and contractors
